

Organic Groundwork's

Microbial Enhancement Program - Turf

A pro-active approach to address microbial needs in soils

Applications of Gypsum-sp85 Humate, Skyline's IPS, Endo-mycorrhizae, Influence combined with RTU Compost Tea applied throughout the growing season.

Organic Approach's Calc-Sulph HP

Use three applications of soluble pulverized gypsum homogeneous with SP-85 humic acid at 5lbs. /1000 sq. ft. Spring (March-April), Summer (4th of July) Fall (September, October, November). This will provide up to 660lbs of soluble gypsum and 20lbs of sp-84 soluble humate per acre for the growing season.

Bio-Organics BEI Endo-mycorrhizae

Two applications of soluble myconized endo-mycorrhizae applied at 1 to 1.5 lbs per acre. This would consist of a Spring and Fall application program, sprayed on turf areas during aerification. That's a total of 2 to 3 lbs of mycorrhizae per acre for the season.

Skyline's IPS (Iron Potassium Silicate w/Endo-mycorrhizae)

Two applications of IPS at the rate of 220lbs are made per acre. This product is composed of Greens-grade particle sized material. Application would be made as part of Spring and Fall application program, during aerification. A total of 440lbs. should be applied per acre.

Organic Approach's Influence & RTU Compost Tea

Sixteen applications would be spayed during the growing season, consisting of March, April, May, June, July, August, September, October & November. A total of 11gls of OA Inf and 6gls of RTU concentrated Compost Tea should be applied per acre for the growing season.

Strong Recommendation A Bio Assay

**Mix-rite water driven pump used for applications
EnviroClean (Equipment wash station)
Soil Bio Assay (call for information)**

**Commit to this program for the 2013 season
1 skid gypsum-sp85, 1cs endo-mycorrhizae, 1 skid of Skyline's IPS
10gls of Influence & 10gls of RTU concentrated Compost Tea
And receive a MIXRITE #TF5-004 Water Driven Positive Piston Pump
To be able to apply the Inf & RTU during a hand syringe cycle, FREE*
Estimated value \$950.00**

**Extra LTL Service Fees
Price per skid delivered \$175.00
Lift-gate Service \$25.00 per Delivery
Delivery Notification or Delivery Appointment \$28.00 per delivery**

**ADD A LITTLE BIO TO YOUR PROGRAM
AND REDUCE YOUR WATER,
FERTILIZER AND PESTICIDES NEEDS**
